

AFTER-SCHOOL FUN

Session 3 Jan. 15th - March 9th

This session includes exciting opportunities for your child to participate in after school. The session will span a total of 8 weeks and will meet 8 times. Please explore the classes and return this form to your child's teacher by January 12th.

Mondays

Sparty Golf \$160

Marion Detlefsen

Grades 1-3 3:30-4:30

Sparty Golf uses a program called SNAG® Golf ('Starting New At Golf') to effectively teach the game of golf to all ages and ability levels utilizing modified equipment and specialized teaching methods to deliver great results. The program offers the versatility to learn and play in almost any environment you choose.

Soccer Shots \$120

Jimel Bronson

Grades PK3-K 2:30-3:30

Introduce your child to the beautiful game of soccer in a creative, age appropriate, non-competitive setting, where we focus as much on character development as we do soccer skills.

Tuesdays

Engineering \$120

Amanda Nimocks-Redo

Grades PK3-PK4 2:30-3:30

Grades K-2 3:30-4:30
Children will be introduced to Science, Technology, Engineering, and Mathematics (STEM) through a program designed for students to build on their natural curiosity. We will teach engineering concepts through hands-on learning with concrete goals in mind.

Landscape Watercolor Painting \$140

Nicole Thompson

Grades 2-5 3:30-3:30

Students will walk through a progression of watercolor instruction that will build on itself as the weeks continue. Students will gain experience with creating landscapes, practicing shading, designing perspective, sketching frameworks, and using basic watercolor techniques (wet on wet, wet on dry, dry on dry, crayon resist, blotting, splattering, and so much more). Students will study examples of famous artists' work as well as work to create their own unique works of art.

Wednesdays

Sparty Golf \$160

Marion Detlefsen

Grades PK3-K 2:30-3:15

Grades 4-5 3:30-4:30

Sparty Golf uses a program called SNAG® Golf ('Starting New At Golf') to effectively teach the game of golf to all ages and ability levels utilizing modified equipment and specialized teaching methods to deliver great results. The program offers the versatility to learn and play in almost any environment you choose.

Chess \$120

Steve Knapp

Grades K-5 3:30-4:30

Help build your child's reasoning skills through learning chess. From beginners to intermediate players, Students will go over how to play the game from piece movement to checkmate strategies. It's fun for everyone!

3D Design and Modeling \$150

Anne Brignet

Grades 1-3 3:30-4:30

Are you excited about 3D printing? If so, sign up for 3D Design and Modeling! In this course, students follow the same process as an industrial designer – putting an idea on paper, turning it into a 3D model using Autodesk Tinkercad, and then bringing it to life with our 3D printers. We will have time to explore a variety of software and iOS apps to design and print our models. This will be fun for all!

Thursdays

Fit and Fun \$120

McCall Morgan

Grades PK3-K 2:30-3:30

Get fit and have fun with Mrs. Morgan! We will exercise by playing games on the sports fields, in the gym, and in the classroom!

Private Music Lessons \$125

Martin Farmer

Grades PK3-5

30 minute time slots available at 2:30, 3:00, 3:30, and 5:00. Students can choose to learn piano, guitar, or drums. Please email cbenefield@sjcds.net for available slots. First come, first served.

3D Design and Modeling \$150

Anne Brignet

Grades 4-7 3:30-4:30

Are you excited about 3D printing? If so, sign up for 3D Design and Modeling! In this course, students follow the same process as an industrial designer – putting an idea on paper, turning it into a 3D model using Autodesk Tinkercad, and then bringing it to life with our 3D printers. We will have time to explore a variety of software and iOS apps to design and print our models. This will be fun for all!

Thursdays (cont.)

Kids in the Kitchen

\$150

Brittany Dunning

Grades PK3-K 2:30-3:30

Students will cover kitchen safety, cutting practice with plastic or butter knife, food pyramid / making a balanced plate & trying new foods. Each week, students will create a new recipe.

Tennis

\$120

Charlotte Phelps

Grades 1-6 3:30-4:30

Students will develop movement skills, hand-eye coordination, and racquet skills. All skill levels welcome!
