The ideal candidate will be an expert in Mathematics and a flexible, dynamic, and engaging educator skilled at working collaboratively with others to achieve a shared vision.

### **Qualifications**

The position requires a minimum of a bachelor's degree in Education with a specialization in Mathematics, or equivalent. Proven experience as a math teacher. A minimum of three years of teaching experience at the Middle and/or Upper School level is preferred.

### **Duties and Responsibilities**

- Will be a Middle School advisor.
- Will teach Middle School classes varying from Pre-Algebra to Algebra-level Math.
- Planning and presenting lessons to facilitate students' understanding and application of mathematical concepts.
- Cultivating positive professional relationships with students, families and staff.
- Designing and conducting student-centered instruction.
- Contributing to the broader school community by participating in activities, events, and trips outside the classroom.
- Actively collaborate with colleagues across grade level, subject area, and interdisciplinary teams.
- Seek out and participate in opportunities for professional growth and development that result in the implementation of applicable current, modern teaching practices.

## **Other Requirements**

- Possess strong communication skills and the ability to effectively innovate and collaborate with students, parents, and colleagues.
- Strong proficiency and adaptability in educational technology and modern pedagogy.
- A growth mindset and ability to meet a diversity of students where they are.

## **Compensation and Benefits**

The position is for the academic year starting in August 2026. A salary commensurate with experience, degree attainment, and qualifications is paid to employees annually.
