

Middle School Science Teacher

Position Description and Requirements

St. Johns Country Day School, an independent, college-preparatory school, is seeking an experienced academic leader to fill the role of Middle School Science Teacher. Ideal candidates will prioritize building strong relationships with students and colleagues and be capable of teaching all levels of Science.

Qualifications

The position requires at least a Bachelor's degree in science or a related field, along with a minimum of three years of teaching experience at the Middle and/or High school levels.

Duties and Responsibilities

- Demonstrate a thorough understanding of the subject matter with a course load that may include some combination of Earth Science, Life Science, or Physical Science.
- Serve as an advisor to a group of students in one particular grade level.
- Collaborate with the Middle School administrative team to build a meaningful learning experience for students.
- Collaborate with grade-level teams to develop cross-curricular connections and interdisciplinary projects.
- Create a safe and engaging environment where students can grow in both autonomy and the ability to collaborate and communicate effectively.
- Take responsibility for being a role model by creating an environment that fosters respect among students and colleagues.
- Possess strong communication skills and the ability to work effectively with students, parents, and colleagues.

Compensation and Benefits

The position is for the academic year starting in August 2026. A salary commensurate with experience, degree attainment, and qualifications is paid to employees annually. Full time employees are eligible for our benefit package, including medical, dental,

vision, disability, tuition remission, professional development/education funds and the ability to participate in the school's 403(b) retirement program.
